Guidelines for Astra Telephony users on how to transfer office phone to mobile phone

Call Redirection

- Dial:
    - ***21** unconditional transfer - *21 then add 0 (Zero) and then your mobile number as the example below
        - For example, *21099xxxxxx

Canceling the Call Redirection

- Pick up the receiver
- Dial **#20** and hang up

Guidelines for Cisco Telephony users on how to transfer office phone to mobile phone

Forward All

To forward all the Calls on your Mobile phone you need to locate the "***Forward all***" soft key button and press it, as soon as you press it you need to add the Mobile number with the 0(Zero) in front,

Forward all calls

Recents

Canceled forward

On Successful forward, you will notice that the button changes from "**_Forward all_**" to "**_Forward off_**" this means that if you press the button the forward rule will be canceled

Redial   New call   Forward off
