

Program Name: “Drug Biosciences & Pharmaceutical Development (18 Months/90 ECTS, M.Sc.)”- E-Learning

Program Coordinator: Dr. Athanasios Metaxas

Compulsory courses			
	Code	Course Title	
1	DBP600	Natural Medicinal Products: Discovery and Characterization	Constantinos Nikiforou Ioannis Stavrou
2	DBP610	Drug Design and Small Molecule Synthesis	Andreas Kalogirou Eleni Moushi
3	DBP620	Drug Formulation, Quality Assurance and Quality Control	Panoraia Sifaka Ioannis Stavrou
4	DBP630	Preclinical Development: Pharmacological and Toxicological Evaluation	Malamati Kourti Athanasios Metaxas
5	DBP640	Regulatory Aspects of Drug Development	Athanasios Metaxas Kyriakos Kypreos
Elective course, choice of one (1) from:			
6	DBP650	Bioanalysis in Drug Development	Ioannis Stavrou
7	DBP660	Health Economics and Pharmacoeconomics	Panagiotis Petrou
8	DBP670	Principles and Practice of Clinical Trials	Athanasios Metaxas
9	DBP680	Biological Drugs and Biotechnological Product Development	Panoraia Sifaka
10	PHE610	Biostatistics	Ioannis Mamais
11	MBA600	Leadership, Entrepreneurship, and Innovation	TBA
Master Thesis			
12	DBP690	Master thesis	Constantinos Nikiforou
