The total duration of the program is 4606 hours in total, divided into 1798 hours theoretical teaching and 2808 hours for clinical training and clinical practice, which exceed the provisions of the Nursing and Midwifery Law (http://www.cylaw.org/nomoi/arith/2017_1_101.pdf, <http://www.cylaw.org/nomoi/arith/CAP253.pdf>) and the European Directive 2013/55/EE. (<http://www.efnweb.be/wp-content/uploads/GR-EFN-Competency-Framework-final.pdf>)

*The two English language courses are selected after an English Placement Test assessing the student's level of English language proficiency. If the level of English language proficiency is equivalent to successful completion of the University's EHL101 level, then the English language courses may be substituted with free elective courses.
